Example Nondiscrimination Statements School Publications and Public Announcements

Federal regulations require that one of these statements or one similar to it is published prior to the beginning of each school year. The school district must publish the aforementioned information in the local township newspaper. If the local town does not have a newspaper publication, the district must use its own newsletter/newspaper and student handbooks in order to ensure that this information is disseminated. It is recommended (but not required by law) that in addition, a comprehensive statement of nondiscrimination be placed on all school district publications such as employment forms and handbooks.

The _____ School District complies with all federal and state rules and regulations and does not discriminate on the basis of race, color, national origin, gender, or disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities. Inquiries regarding compliance and/or grievance procedures may be directed to the school district's Title IX officer and/or Section 504/ADA coordinator.
